

90-60-30-Guatemala!!

Dear friends and family,

Well here we are 1 month away from SOM graduation and 3 months away from leaving for Guatemala! We are SO excited for both! It's hard for us to believe we will soon be completing the SOM curriculum. Our time here in Texas, while challenging, has also been a blessing. The things we are learning both in and out of the classroom are irreplaceable in value. We are thankful for the opportunity to come to this school and build a solid foundation for what we believe will be decades of serving the Lord in Guatemala.

As we enter these last 3 months of our time in the U.S. before going abroad, we would like to thank all of you who have and continue to partner with us through prayer, financial support, and helping us obtain items needed to advance this ministry. All of you are a vital part of our team and we are so thankful for faithful partners like you. We have been praying for God to move the hearts of more people that He wants to be our financial partners. We left for school knowing that God had not yet provided enough financial partners to meet our required budget but we are trusting that He will. We are selling everything we are able in order to invest in following this vision God has given us and have been asking Him, "What are we to do next?" Which brings us to the title of this letter.

What is 90-60-30-Guatemala!?

As of today we are exactly **90** days away from leaving for Guatemala. After looking over our most recent monthly report from Servants we realized that we need more monthly financial partners. We prayed about it and God showed us that *IF* our current monthly financial partners remain the same we would only need **60** more of our family and friends to partner with us for **\$30** a month and our budget for **Guatemala** would be met. So we ask, *"Are you one of those people who will invest less than \$1 per day to help us meet our goal?"*

We know some of you may be thinking "wait a minute, didn't they just say they are planning on being in Guatemala for a LONG time?? I don't know how long I can do a monthly donation." There also may be some of you who can't do \$30 a month *OR* there may be some of you able to invest more. We trust that the Lord will work out the details; we just ask that you pray and let Him guide you about how much and how long

to partner with us in this ministry. We realize that there are some of you who are just financially not able to invest in this ministry right now. Please don't feel like there is nothing you can do! One of the biggest needs we have is for faithful prayer! It's one of our most powerful resources! [Click here](#) to find a list of our current prayer needs and browse our blog.

Support raising has been one of our most challenging adjustments through this journey, but we cannot ignore the fact that it is an essential part of our ministry. It is hard to ask others to give sacrificially and partner with us financially when we know that times are tough for everyone. However, we have been reminded by many of our instructors, who are or were missionaries themselves, that we all have a part to play in missions to other countries. By not making our needs known, we are not giving you the opportunity to invest in this ministry along with us. For those of you who would like to be one of the **60** who meet our **90-60-30-Guatemala** goal, please utilize one of the links on the right to sign up!

Thank you all again for your continued prayers, love, encouragement, and support. We are eternally blessed to know that we are not doing this alone but that all of you are coming along side us on this journey.

Love,

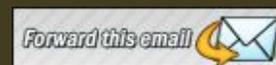

Dylan and Missy
